ECO STONE

PORCELAIN PAVERS

WHY CHOOSE ECO STONE PORCELAIN PAVERS?

- ✓ Are Eco Friendly (25% recycled material) and made of 100% Natural Porcelain Stone
- ✓ Are easier to clean compared to natural stone or concrete pavers
- ✓ Are virtually maintenance free and do not require any additional treatments such as sealants – just lay and enjoy
- ✓ Will not fade overtime and are 100% UV resistant – unlike concrete pavers
- ✓ Are perfect for use around Pools – withstands acidic, salt and chemical attacks
- ✓ Achieve a R11 slip resistance according to Australian Standards HB198:2014
- ✓ 1.5 times stronger (Breaking Strength - 7.6kN) than 50mm thick Concrete Pavers – AS4459-4:1997
- ✓ The most versatile paver – install over concrete slabs, grass, gravel or as a raised floor over Pedestals

THE ECO STONE COLLECTION IS EASY TO INSTALL ON:

CONCRETE
SLABS

GRASS

GRAVEL

RAISED
